FAQ

The biggest change is the reworked reverb circuit But the old ones sound darker, while the new ones are brighter, with more emphasis on treble tones.. When was my Amp Made? Fender adopted a two-letter dating code in 1990, and the code can be found on the Quality Assurance label, inside the cabinet, sometimes located on the bottom, next to the reverb tank, sometimes on the side.. Blues Junior history can be divided into two major categories: the early amps with green circuit boards and the later ones with cream-colored boards.
